BUSINESS OVERVIEW

CAN DO is a 100% black woman owned BBBEE level 1 business based in Cape Town. We are as a registered practice with the South African Institute of Business Accountants as well as registered tax practitioners with the South African Institute of Tax Practitioners.

We are driven by the demand for financial literacy and compliance with related statutory requirements in operating businesses.

We educate our clients to become knowledgeable and literate with business compliance and financial reporting requirements ensuring that their businesses are sustainable and profitable.

OUR TEAM

An entrepreneur at heart equipped with a Masters Degree in Development Finance and Bachelor of Honors Degree in Accounting Science Vuyokazi leads a team of skilled and knowledgeable individuals.

With more than 15 years experience in finance and compliance, her accreditation as a Business Accountant in Practice with SAIBA and General Tax Practitioner with SAIT gives an assurance to our clients that our team is competent.

We partner with highly skilled subject-matter experts in each area of business consulting. We provide our clients with a value added service by embracing excellence and exceptional results in all business engagements.

OUR VISION & MISSION

CAN DO describes the approach and attitude we adopt when rendering our professional services to clients.

We envision and are set to:

- Focus on providing accessible business consulting services customised to client needs ANYTIME and ANYPLACE.
- Foster entrepreneurs by turning their business ideas into business plans and sustainable profitable entities.
- Grow together with our clients through consistent business coaching
- Keep abreast of industry standards and compliance requirements by forging meaningful partnerships with key industry stakeholders and institutions
- Ensure that our clients are effective and efficient in running their day to day business operations.

OUR VALUES

- Client Confidentiality
- Professional Etiquette and Due Care
- Innovation and Service Delivery
- Relationship and People Advancement

OUR CORE SERVICES

Each project and client has its unique business requirements. We customise our service offering according to our client's business needs. Our core service offering includes the following:

COMPANY SECRETARIAL SERVICES

Hand-holding new business owners we assist with company registrations, BEE certificates, lodging of company statutory documents and submissions to the registrar of companies.

FINANCIAL MANAGEMENT & REPORTING

Paramount to our business is financial literacy for our client. We achieve this by recording client transactions guided by approved accounting standards and regulations. We offer bookkeeping and accounting services, payroll administration, preparation of management accounts and financial statements.

BUSINESS ANALYSIS & DATA ANALYSIS

Efficiency and cost optimization is key to any successful business. We assist our clients to grow their business revenues by operationalising their business strategic objectives. We team up with our clients to help formulate technical business solutions to business problems. We define business processes and requirements using rigorous business analysis methods.

PROJECT ACCOUNTING

We help our clients to keep a pulse on the business projects. We specialise in project administration, project billing, project proposal costing, monitoring of project spending and project fund accounting. We design and customise project reports for our clients that give meaningful input to their business decision making.

TAX CONSULTING & REPRESENTATION

We prepare and submit tax clearance applications to SARS and provide tax advice. We help prepare all submissions SARS related statutory requirements and documentation, assist with tax clearance applications, VAT audits, VAT queries, and payroll related monthly and bi-annual submissions.

BUSINESS ADVISORY & COMPLIANCE

We ensure that our clients reach their business goals and aspirations with proper business planning. We specialise in drafting business plans and funding proposals. We assist with structuring of partnership agreement as well memorandum of agreements and understanding.

We believe that business foresight is best achieved by being able to mitigate and monitor business risk at first hand. We assist our clients with business risk registers, business matrices and impact evaluation.

CSI INITIATIVES

Beyond business consulting Can Do Business Consulting gives of its time through volunteer. We form part of the group of hostess for the SA Accounting Academy seminars held in Cape Town Bellville. This initiative assists the academy in keeping its continuous profession development subscription packages affordable and accessible to the accounting professional.

*“ Knowledge
Makes a Man
Unfit to be a
slave ”*

Learning never stops and we at Can Do Business Consulting help foster young bright minds. We intentionally invest our time tutoring students at TsiBA Education in accounting, economics and research. These are vital courses to have for our future employees, business partners and clients.

SOCIAL MEDIA

We are available on social media platforms where we share the latest and relevant advise and information on business and governance issues, ensuring tht our clients are kept abreast of industry information and innovations.
